- **No heartache disposing of once cherished but unwanted items.**

We understand that illness or aging can make maintaining a home difficult and this becomes especially so when a home needs to be prepared, so an elderly relative can be discharged from hospital to return to their own, familiar surroundings. Alternatively, the home may need to be cleared and possibly renovated for sale, following bereavement.

Our caring professionals provide a suite of five-star professional and discreet services for cleaning, clearing or renovating homes of elderly and medically vulnerable clients. We safely deal with bodily fluids, infectious materials, and high-risk areas while maintaining dignity, discretion, and respect.

Benefits of our service:

- We offer a one stop shop for ALL these services
- Avoid the heartache of disposing of a loved one's cherished but unwanted items.
- Expert disposal of waste legally and complying with environmental regulations.
